

## FAMILY NEWSLETTER

Vol. 1, Issue 1

June 30, 1989

\*\*\*\*\*

### EDITORIAL

This is the first issue of our quarterly family newsletter, and thanks to you all, we have something to print! A copy will be sent to each household, i.e., if you have children at home, they will be included in your household. If your children are away from home, each such child will receive a copy of his own.

As this is the first issue of our paper, a list of family members is attached. The editors did not have the addresses of some members of the family, so if anyone can fill in the blanks, we really would appreciate it. We need 100% participation to make this a truly united family project.

Various features will run on a regular basis. There will be a "What's Happening" column, which will tell about who's getting married, having a baby, moving, or anything else you would like to tell us about. All items for publication should be sent to:

Carol (Lundquist) Miller  
1300 West Ohio  
Midland, Texas 79701;

and they will be printed as they are submitted.

Attached to this Newsletter, are "Fabulous Family Recipes" and we invite you to share your special recipes that everyone at your house "just loves." Send in your family favorites.

We will have a column "Spotlight on the Family." This will feature family groups, and what in particular is going on with that group. Who knows, you may have a cousin, aunt or brother-in-law in the same line of work as you; or your far-away nephew could be into baseball-card collecting and can trade with your kids!

When you send your "family resume" it would be nice if you would include name, address (of course!) occupation, interests, hobbies, sports interests, scholastic achievements, etc. of each member in your household, or anything else you would like to share with us about your family. Also, if you have a photograph of your family it will be printed (in glorious black and white). It would be wonderful to "see how we all turned out."

In compiling the list of family members, I was amazed at how close some of my cousins, nephews, etc. lived to me or my children. Wouldn't it be great to discover relatives in your same neck of the woods--and get to know them!

We are also having a "NAME THE NEWSLETTER" contest. Submit a name for this newsletter; be the one to name it! The winner will be awarded a lifetime subscription to the newsletter and will have his name PUBLISHED. We've had some wonderful ideas, but need input from all of you.

If you have any ideas for any other features, or, for that matter, any one-time articles, send your ideas in. With such a large, diversified group we are, I'm sure we have some brilliant, witty, pertinent ideas.

We have tentatively figured that there will be approximately 60 different households to receive this newsletter. To help with the expenses of mailing, paper, envelopes, etc., we ask that you send a one-time fee of \$5 to the Publications Editor to defray these costs (or send stamps). (Sorry folks!, we couldn't get a billionaire sponsor, but we're working on it!)

So let's hear from you! This can really be a fun project and can keep us in touch with all of you. God loves you--and so does your family!

### WHAT'S HAPPENING

#### NICARAGUA TO HONDURAS HUGH ROBERT LUNDQUIST

Hugh Robert Lundquist returned from Nicaragua in March. As a volunteer work, he helped complete the water/soil testing lab at the University in Managua. He enjoyed the people most of all. They live in poverty, but they didn't know it. What they gave to Hugh, money cannot touch. They are friendly, warm and wonderful. Hugh returned to Dallas and left again in May for an island off Honduras in the Carribean. He is working on a ranch/plantation maintaining various numbers of boats, planes, a house and related structures and also teaching the workers how to do same. Hugh loves the clear waters and flexible life style. Vayo con Dios, Hugh!

## THOSE DORAN BOYS

Mark Doran (20) has been attending Richland College in Dallas County for the last two years. He expects to complete some prerequisites and begin U.T. next year. He will be in summer school in /89, is working as a waiter at Improv, will participate in Outward Bound in late August in Colorado and then attend U.T.-Dallas or SMU and Richland College.

Jason Doran (23) has been stationed in Subic Bay, the Philippines, since Dec. '86 as a Marine doing jungle patrols. He has captured more communists on these patrols than any other Marine presently stationed there and has been awarded a Navy Medal. Jason has been in the Philippines since Dec. '86 (except to go to Okinawa) and was scheduled to be out of there last December. Jason is now married to a young lady, Alma, who is a Philipino. She and Jason are scheduled to leave the Philippines and be in Dallas in Aug. '89--though this schedule is uncertain. Of course, Frank, Jason's dad, looks forward to his safe return and tentatively plans to hold a "welcome home" gathering for him and his new bride and hopes all will be able to be there.

## AND FROM THE MALLOYS

Martin Malloy, Sr. (75) and his wife, Mary (67) are all in good health and optimistic. "We get older, but not old," and do they keep an active schedule! Martin, Sr. is a "late blooming student" senior at Cameron U. in Lawton. Mary works in the infant ward at Comanche Hospital, and three days a week attends aerobatics class and the Senior Citizens group. (Do any of you "young" folks want to try and keep up with this awesome pair!?)

Martin, Jr. (40) is married to Nancy and they live in Walters, Oklahoma, where Martin, Jr. is with the U.S. Government as a Deputy Controller at Ft. Sill, Oklahoma. They have two children, Jennifer Lee (10) and Christine Marie (5).

A wedding! - Martin, Sr.'s niece, Sharon Malloy (daughter of Brother John), is getting married September 16, 1989, in Lincolnwood, Illinois, to Kevin Standbridge. Congratulations to them both and all their families!

## FROM THE VAN GILDERS

Marianna (52) and Jim ("Honey" - whose birthdate is this century--send card!) are all busy working. Jim, Sr. and Jim, Jr. are at Flying, Yachting, Shooting Times and Corrosion Block--and Marianna is there every day, all day (at least everyone can find her!)

Jim, Sr.'s mom turned 86 on May 28 and she gave herself a BIG party for all her family.

Jim, Jr. (30) and Michelle will be going to Puerto Rico the first of June to set up a Corrosion Block Center and dealer for the Carribean.

#####

## FROM DIANE (INGRAM) GARRETT

Diane is married to Robert Garrett, who is the Chief of Police in Star Harbor, Texas, a small city outside Malakoff. She is not employed at this time, but is taking care of her grandmother who is 88 years old and is recuperating from foot surgery.

## FANATICAL RAFTING PUBLISHER AND FAMILY--AT IT AGAIN!

Carol Miller, and some of her children, Brian (#2, 31), Ann Achenbach (#5, 25) and Ann's husband, John, and Tony (#6, 23), are off again this summer to raft down the white waters of the Arkansas River in Colorado. Last year, this intrepid group ran the waters of Brown's Canyon on the Arkansas and will do it again this year--plus the dangerously awesome waters of the Royal Gorge in Colorado. Last year, the water was at a record low; this year it's running 163% above normal. Brian, as our travel agent and guide, has assured us that the river will afford a "thrill a minute!" After running such tricky waters as the "Zoom Flume," and "Siedel's Suckhole" last year, I can assure you, Brian has probably underestimated this exciting venture. An update from your editor will be forthcoming in the next issue of this Newsletter. (Hopefully).

### AND ALL THOSE PARKERS!

Cecelia (CC) Parker (age - "forget it!") (youngest daughter of Helen and Charles Lundquist) is really keeping busy! CC's oldest son, Jimmy (20) an Annapolis cadet, is going to Bermuda and the East coast on a sailing trip with the other midis and then to the Mediterranean coast this summer. He will be home after July 20-Aug. 29. Doing very good.

Liz (18) is back living with her dad. Liz might work for Debbie (Marianna's daughter) this summer helping with Debbie's children.

John (16) is working part-time at a movie theater. He drives to work in his "yellow bird." He is doing excellent--doing good in school and getting braces this summer.

Julie (15) will work as Mother's Helper for Jimmy and Michelle Van Gilder and Julie hopes to have a trip this summer to Ohio to see her old friend Ami or Ami will come to Dallas.

Jaime (12) and Jack (9) are hoping for lots of fun at Six Flags this summer. CC and kids are planning a trip to the coast, June 23, stopping first at New Braunfels to go river rafting and see Jean (Helen and Charles Lundquist's #6) and Jim in San Antonio. Debbie and children will fly down and meet CC and kids in Corpus.

CC hopes to have Paul (Helen and Charles Lundquist's #7) and Linda's children, Jennifer & Christopher, down to visit this summer.

CC is still working at Dr. Terry's (dentist) and likes it. She will stay there for a good while, it's steady and close and exceptionally good hours and working conditions.

### THE FAMILY IN SPACE!

Charlie Lundquist, III (27) and his wife, Lisa, and family are moving to Houston in June. Charlie will be changing jobs - will be working on the new space station project at Clear Lake.

\*\*\*\*\*

### ON THE SPIRITUAL SIDE

When thinking of this family--this wonderful family, the immediate thoughts that come to mind are Thanksgiving and Love.

Thanksgiving to the Father who put each one of us in this very special family. We have our differences, but that is exactly what makes us so special, because in spite of all our differences, we are still Family.

Love of the Father for sharing His great Love for and with us through our Family. A place where we can find comfort and acceptance. Family is an example of what His love for us is. He loves us just as we are because each one is so special to him.

Let our prayer today and each day be: Thank you God, for our Family and the love we have for one another. Bless each member who has gone before us, may they know your Everlasting Joy and Peace. Each day, may we grow in Your love and reflect it to all we meet in our Family and to all your Children.

### KEEPING UP WITH THE DALLAS FOLKS

From Susan Doran Lindsay, we learn that Susan and Rogers' daughter, Shannon, is a sophomore honor student at Ursuline in Dallas. She is vice president of her class. Erin, Susan and Rogers' youngest daughter, is entering middle school at Good Shepherd Episcopal and is also an honor student and a Nancy Drew fan. Roger is enjoying his third year in real estate investments after 14 years with Rockwell International. However, due to the Dallas economy, he is shopping the job market. Susan is planning on going back to teaching next year in middle school reading. They are really busy with kids' activities and volunteering.

Frank and Louise Doran celebrated their 50th wedding anniversary last September with a surprise reception at their home. Frank continues to improve after having spinal surgery a year ago last January. Louise stays active with her church circle, book review and daily swimming during the summer.

### HOTTER N HELL 100

Aileen Miller (28), Ann (25) and John Achenbach and Tony Miller (23) will be riding in the Hotter N Hell 100 - a bicycle race of 100 kilometers again this August in Wichita Falls. It's a grueling race and at the hottest time of the year--to finish is an accomplishment. Last year, there were over 12,000 participants. They are expecting the same or larger numbers this year. GO FOR IT, Aileen, Ann, John and Tony!

Happiness isn't found at the end of the road,  
but in the travels along the way.

## FOOD FOR THOUGHT

On the beach that day, millions of fish had been washed ashore. They flopped, twisted and tried to return to the water but for most, to no avail. Along came a young man and, upon seeing the fishes' plight, he gently picked up a little fish and tossed it back to the sea to continue its life. He did this one by one by one. As the young man lifted a fish in his hands, an old man approached him and said, "You are crazy! There are millions--you'll never make a difference!" The young boy looked down at the fish in his hands, put it into the waters and watched it swim off. To the old man he said, "To that one, I made a difference."

DON'T BE STOPPED BY THE MASSES --  
IT ALL STARTS WITH ONE!

## FROM CHICAGO, ILLINOIS

Denise Lundquist McDonald's (49) son, Brian (19), lives at home with her in the summer and at Christmas, but attends school in Denver. He'll be a sophomore at Regis College in Denver in September.

Sean, Denise's older son, was killed in a car crash in April of 1986 when he was a freshman at USC - crash was caused by a drunk driver. Denise is now working as the Victim Services Director for MADD-Illinois.

## AFTER 20+ YEARS, LAKE HOUSE CHANGES HANDS

Susie and Ed Aki bought the lake house at Lake Frankston from the folks, Helen and Charles Lundquist. Helen and Charles had made the lake facilities available to whoever wanted to use them and Susie and Ed plan to continue this tradition--and to keep the lake house in the family. Bravos for Susie and Ed!

## THE SPOTLIGHT'S ON . . .

### SUSIE AND ED AKI

#### HONORARY MAYOR OF KAILUA ABDICATES TO BECOME A TEXAN

Yes, Ed and her honor, Susie Aki, left their Hawaiian Paradise to take up residence in JR's country, Dallas. After seven years of "hanging loose" and raising four children, we have joined the hustle bustle of the big city.

On April 29, with all the children at home, we celebrated our grandson, Sean Matthew Walker's first birthday. What a wonderful way to "break-in" our new home--and the neighborhood!

Wally, #1 son, is in the U.S. Army Special Forces. He and Jean, his new wife of 4 months, came in from Kentucky. Our #2 son, Pat, came from Houston, where he is in school and working. He was a great bartender! Andy, #3, and his wife, Tami, are the parents of our birthday boy, Sean. They all were here on vacation from Hawaii [vacation from Hawaii?!], where they live. From the Big Sky country, Montana, our #4 child, Susie, came to complete the clan. She is a student at Carroll College in Helena.

Together--they never grew up! Still just as noisy as ever! Ed and I marvel at ourselves that we all made it through those "growing" years and in pretty good shape! We are blessed.

## COMMENTS WE RECEIVED FROM. . .

John and Rita Marschall - Great idea - we'll stay in touch.

John and Becky Wise - We love Pennsylvania but we miss everyone in Texas!! Anyone that comes up this way, please come and see us.

Marianna and Jim Van Gilder - So glad you're doing this. I do realize all the time and work coordinating this effort is taking.

Charlie and Betty Lundquist, Jr. - How come nobody ever comes to visit us?

CC Parker - Can't wait to read all the "stuff" on everybody!

Diane Garrett - I am thrilled over this. I think about all of you and would love to know what is happening in your lives. Thanks for remembering me.

Susan and Roger Lindsey - Thanks so much for doing this.

Denise McDonald - This is a wonderful idea - Brian thinks it'll be great to know about more family--Hopefully we'll be able to have a reunion!

Is our family far-flung, or is it far-flung!  
In compiling the "family list," I noted we  
have relatives all over the globe.  
SOOOOOOOOO. . . . .

**LET'S HEAR IT FROM:**

**Tommy Miller and Dr. Rae Irvine-**  
What's happening in Virginia?

**Andy and Tami Walker -**  
You REALLY did leave Hawaii for a vacation  
in Dallas?

**Kathleen and Henry Young-**  
Garland is far-flung to some!

**Barbarta and Bill Kammert-**  
From Chicago to South Carolina, how do you  
like it?

**Judith O'Hara -**  
Another paradise in Florida! What's going  
on down there?

**Joan Matthews -**  
Missed hearing from you! Were you having  
such a good time on your BIG motorcycle?  
(Understand it's a doozie!)

**Jean and Jim Baggett -**  
Jean - how about this? Does it meet with  
your approval?

\*\*\*\*\*

**REMEMBER WHEN . . .**

We used to play "colors" at 5233 Bryan  
Street and run around the bush in Grandma  
and Grandpa's front yard?

Ralph Dickson used to be "Dickie" and  
Charles Dickson used to be "Butch"?

Grandpa Doran used to listen to war speeches  
on the radio and the speakers were speaking  
in foreign languages--and he understood  
them?!

Helen and Charles Lundquist took their eight  
(8) kids to Chicago in two cars, before the  
days of super interstates, McDonald's or  
Holiday Inns?

We had Flagpole Hill picnics?

A loaf of bread was a dime?

Gasoline was outrageously priced at \$.25 a  
gallon?

### FABULOUS FAMILY RECIPES

These recipes are from **Helen Lundquist** (a/k/a Mama, Sister, Grandma), and are some that Grandma Doran made for years and years.

#### SATURDAY NIGHT SUPPER

Originally, it just had the meat, navy beans and potatoes, but after Helen graduated from college (as a dietician and food expert) she talked Grandma into adding carrots and sometimes green beans.

Short ribs of beef  
Potatoes cut in 1/2 or 1/4 pieces  
1 pound navy beans  
carrots cut in 3" pieces

Method: Soak beans in water over night. (can add 1 tsp. baking soda-for easier digestion). Next morning pour off liquid and rinse. Put short ribs in with beans and cover with water. Cook slowly all morning until mid-day. In pan (9 x 16 x 2) put meat in middle of pan, potatoes on one side of meat, the navy beans on other side. Put pieces of carrots throughout contents of pan.

Bake slowly all day. Usually this is done around 6 p.m.  
Serve with catsup.

#### HAPPY BIRTHDAY CAKE

This recipe, also from **Helen Lundquist**, has been in the family for many years. It's a great cake; and a good way for some of our younger family cooks to learn the rewards of baking a "scratch" cake over a packaged mix! (us older folks, too!)

2-1/2 cups SIFTED Swans Down cake flour  
1-1/2 cup suger  
3 tsp. Calumet baking powder  
1 tsp. salt  
1/2 cup shortening (Crisco) room temperture  
1 cup milk  
2 eggs unbeaten  
1 tsp. vanilla

Method: (1) place sifted flour in sifter; add suger, baking powder and salt  
(2) Stir shortening in bowl to soften. Sift in dry ingredients. Add 3/4 cup milk. Beat 2 minutes at medium speed of mixer.  
(3) Add eggs, vanilla and rest of milk and beat 1 minute.  
(4) Pour into two 9" layer pans lined and greased and bake for 25 minutes at 350°.
